

TAYLOR G

STRENGTHS

Cloud Infrastructure Management

Proficiency in managing and optimizing cloud infrastructure for performance.

Automation Expertise

Ability to automate processes and improve efficiency through scripting and tools.

Analytical Problem Solver

Strong analytical skills to assess and troubleshoot cloud systems effectively.

KEY ACHIEVEMENTS

Serverless Architecture Implementation

Successfully designed and implemented a serverless architecture reducing costs significantly.

Infrastructure Optimization Project

Led a team project to increase system uptime to 99.9% through optimized cloud solutions.

SKILLS

Hard Skills

VM management ·

Cloud security practices ·

Infrastructure as Code (Terraform, Ansible)

Soft Skills

Team collaboration · Problem-solving ·

Excellent communication

Cloud Infrastructure Engineer

SUMMARY

As a Cloud Infrastructure Engineer, I have over 4 years of experience in building and enhancing cloud infrastructures. My expertise includes managing resources effectively, implementing high availability solutions, and automating processes with tools like Terraform and Ansible. I thrive in dynamic environments and am committed to optimizing systems for performance and cost-efficiency.

EXPERIENCE

Cloud Infrastructure Engineer

07/2019 - Present

[Tech Innovators Inc.](#)

City, State

A leading company in tech solutions that provides innovative IT services.

- Built and maintained scalable cloud infrastructure on AWS.
- Managed compute, storage, and networking resources to enhance application performance.
- Implemented backup and disaster recovery solutions, achieving 99.9% uptime.

Infrastructure Engineer

06/2017 - 06/2019

[Cloud Solutions Ltd.](#)

City, State

A dynamic company specializing in cloud-based solutions for businesses.

- Optimized infrastructure costs by 30% through efficient resource management.
- Performed system upgrades and implemented patching schedules to enhance system security.
- Collaborated with development teams to integrate containers into the cloud environment.

EDUCATION

Bachelor of Science in Computer Science

09/2015 - 06/2019

[State University](#)

City, State
