SUMMARY

As a recent Computer Science graduate, I am eager to begin my career as a Cloud Engineer. My education has provided me with a solid foundation in cloud technologies, and I have acquired relevant certifications to validate my skills. I am passionate about automating processes and enhancing cloud infrastructure for scalability, security, and reliability. I look forward to contributing my skills to a dynamic team.

EDUCATION

Bachelor of Science in Computer Science 08/2019 - 05/2023
XYZ University City, State

LANGUAGES

English Native ●●●●● Hindi Native ●●●●●

TRAINING / COURSES

Cloud Computing Fundamentals

Course focusing on cloud infrastructure and best practices, including AWS and Azure.

STRENGTHS

- 💡 **Cloud Management**
Proficient in configuring and managing various cloud platforms, ensuring scalability and reliability.
- 🧠 **Automation Skills**
Strong foundation in programming and automation, allowing for effective deployment and management.
- 🔧 **Analytical Problem Solver**
Excellent analytical skills, able to troubleshoot and resolve cloud-related issues efficiently.

KEY ACHIEVEMENTS

- ★ **Final Year Project**
Developed a cloud-based application as part of my final year project that increased operational efficiency by 30%.
- 💡 **Hackathon Achievement**
Participated in a hackathon where we won the best solution award for our cloud optimization tool.

SKILLS

- Hard Skills**
AWS · Azure · GCP · Linux · Terraform · CloudFormation · Networking (VPC, DNS, Load Balancers) · Monitoring Tools (CloudWatch, Prometheus)
- Soft Skills**
Team collaboration · Problem-solving · Adaptability · Time management
