

GOKUL KRISHNA M

STRENGTHS

-  **Quick Learner**
Ability to learn and adapt quickly to new technologies and cloud platforms.
-  **Team Player**
Excellent teamwork and communication skills, allowing effective collaboration with diverse teams.
-  **Analytical Thinker**
Strong problem-solving skills with a focus on delivering efficient technical solutions.

KEY ACHIEVEMENTS

-  **Cloud Application Project**
Successfully led a university project to develop a cloud-based application, implementing CI/CD pipelines which improved deployment times.
-  **Terraform Infrastructure Automation**
Created a fully automated infrastructure setup using Terraform during internship, which streamlined the cloud deployment process.

SKILLS

Hard Skills

AWS · Azure · GCP ·

CICD tools (Jenkins, GitHub Actions, GitLab CI)

Terraform · CloudFormation · ARM ·

Docker · Kubernetes · Linux ·

Bash scripting · Python scripting

Soft Skills

Team collaboration · Problem-solving ·

Adaptability

Fresher Cloud DevOps Engineer

SUMMARY

I am a motivated fresher, eager to jumpstart my career as a Cloud DevOps Engineer. My education and certifications in cloud technologies have equipped me with skills in CI/CD, Infrastructure as Code, and automation. I thrive in collaborative environments and am excited to apply my knowledge to improve software delivery processes securely and efficiently.

EDUCATION

Bachelor of Engineering in Computer Science 08/2021 - 05/2023
ABC University City, Country
