SUMMARY

I am a highly motivated Computer Science graduate eager to start my career as a Cloud Infrastructure Engineer. My strong understanding of distributed systems, cloud technologies, and automation tools, paired with my hands-on project experience, equips me to contribute effectively to building and maintaining scalable cloud infrastructure.

EDUCATION

Bachelor of Technology

08/2020 - 05/2023

XYZ University

City, State

LANGUAGES

English

Native

Hindi

Proficient

TRAINING / COURSES

Cloud Infrastructure Architecture

Course on cloud architecture and infrastructure management with hands-on labs.

STRENGTHS

☆ Analytical Thinker

Strong analytical skills to understand and tackle complex problems.

🚀 Fast Learner

Ability to learn new technologies quickly and apply them effectively.

💡 Communication

Effective communication skills to convey technical concepts clearly.

KEY ACHIEVEMENTS

⚡ Capstone Project

Successfully completed a cloud project as part of my capstone, which required designing a scalable infrastructure using Terraform.

☆ Academic Recognition

Achieved top grades in cloud computing courses and received recognition for academic excellence.

SKILLS

Hard Skills

Virtual machines · Containers ·

Cloud networking · Terraform ·

Linux administration

Soft Skills

Problem-solving · Adaptability ·

Team collaboration
