

SISIRA R

STRENGTHS

- ★ **Cloud Knowledge**
Strong understanding of cloud concepts and developer tools.
- 🧠 **Quick Learner**
Ability to rapidly learn new technologies and frameworks.
- ★ **Team Collaboration**
Effective communication skills and team player mentality.

KEY ACHIEVEMENTS

- ⚡ **Developed an IDP Prototype**
Successfully designed a prototype for an internal developer platform during my college project.
- 📋 **Monitoring Tool Development**
Created a monitoring tool as part of a team project that improved the observability of applications.

SKILLS

Hard Skills

Kubernetes · Docker · Helm ·
Cloud-native architectures · CI/CD ·
Automation

Soft Skills

Problem-solving · Team collaboration ·
Adaptability

Cloud Platform Engineer – Fresher

SUMMARY

I am a recent graduate with a passion for cloud computing and developer platforms. My education has equipped me with the skills necessary to design and support cloud-native infrastructures. I am dedicated to enhancing developer experience with the knowledge of Kubernetes, Docker, and CI/CD processes. Eager to contribute and learn in a dynamic cloud platform engineering role.

EDUCATION

Bachelor of Technology in Computer Science 09/2019 - 06/2023
[XYZ University](#) City, State

LANGUAGES

English Proficient ●●●●● Spanish Intermediate ●●●●●

TRAINING / COURSES

Cloud Architecture Course

Comprehensive course covering cloud-native architectures and workflows.
