

ALEX COSTA

STRENGTHS

- 💡

Cloud Infrastructure Management

Ability to manage complex cloud infrastructures effectively.
- 🔧

Cloud Security Expertise

Proficient in security best practices within cloud environments.
- ☆

Process Automation

Skilled in automating processes to enhance operational efficiency.

KEY ACHIEVEMENTS

- 💡

Cloud Migration Project

Successfully led a project to migrate existing services to a cloud infrastructure, resulting in a cost reduction of 25%.
- 🏆

Automated Monitoring System

Developed an automated monitoring solution that improved incident response time by 40%.

SUMMARY

As a Cloud Systems Engineer with over 5 years of experience, I specialize in configuring and maintaining cloud-based systems. I'm passionate about automating processes and ensuring OS-level security. My secure cloud solutions and monitoring systems have led to improved performance and reduced costs for my employers. I thrive in collaborative environments, contributing to high-impact projects.

EXPERIENCE

Cloud Systems Engineer

01/2021 - Present

Cloud Solutions Inc.

San Francisco, CA

- A cloud service provider specializing in scalable infrastructure solutions.
- Configured and maintained over 50 cloud-based servers, ensuring high availability.
 - Automated provisioning and configuration processes using Python scripts, reducing setup time by 30%.
 - Managed OS-level security protocols, successfully passing all audits.

Systems Engineer

02/2018 - 12/2020

IT Infrastructure Solutions

Los Angeles, CA

- A firm focused on providing IT infrastructure and cloud solutions.
- Monitored system health and performance using advanced logging tools, leading to a 15% increase in uptime.
 - Troubleshooted complex system-level issues, providing quick resolution and minimizing downtime.
 - Worked collaboratively with development teams to optimize cloud services.

Systems Administrator

06/2016 - 01/2018

Innovative Tech Systems

Chicago, IL

- A technology company providing custom IT solutions.
- Performed system hardening on Windows servers, enhancing security posture.
 - Implemented shell scripting solutions for routine maintenance tasks, improving efficiency by 20%.
 - Developed documentation for system configuration and deployment processes.

EDUCATION

Bachelor of Science in Computer Science

08/2016 - 06/2020

Tech University

New York, NY
