SUMMARY

As a Cloud Engineer with over 3 years of experience, I specialize in designing and managing cloud infrastructure across major platforms like AWS and Azure. My strength lies in automating deployments using Infrastructure as Code and optimizing resource utilization. I thrive in collaborative environments, ensuring robust cloud solutions that meet organizational goals.

EXPERIENCE

Cloud Engineer 06/2022 - Present
[Tech Solutions Inc.](#) Remote

Tech Solutions Inc. is a leading provider of cloud computing solutions.

- Designed and implemented scalable AWS cloud infrastructure for multiple projects.
- Automated resource provisioning and management through Terraform and CloudFormation.
- Collaborated with cross-functional teams to troubleshoot and resolve cloud-related outages.

Cloud Engineer 06/2021 - 05/2022
[Innovative Cloud Corp.](#) City, State

Innovative Cloud Corp. specializes in cloud infrastructure and services.

- Managed Azure cloud services including virtual machines and networking.
- Monitored and optimized system performance using Azure Monitor.
- Worked with developers to implement CI/CD pipelines for cloud applications.

EDUCATION

Bachelor of Science in Computer Science 09/2018 - 05/2022
[State University](#) City, State

LANGUAGES

English Native ●●●●● Spanish Advanced ●●●●●

STRENGTHS

- 💡 **Analytical thinker**
Strong analytical skills to identify issues and devise effective solutions in cloud environments.
- ⚡ **Ability to Multitask**
Ability to work well under pressure and handle multiple projects simultaneously.
- ♥️ **Agility in Learning**
Adaptability to rapidly changing technology landscape and willingness to learn new skills.

KEY ACHIEVEMENTS

- ★ **Cost Optimization Initiative**
Successfully reduced cloud infrastructure costs by 30% through effective resource optimization and monitoring.
- ♥️ **Cloud Migration Project**
Played a key role in transitioning on-premise applications to cloud-native solutions, enhancing scalability and performance.
